

****Government Lots****

If you are trying to find government lots in Morton County's portion of NDRIN you need to Search by Section, Township and Range and go through these docs to find the Government lot that you are searching for. You **can not** search by lot to pull these up. Remember to check with each county on how these are indexed as each one is different.

****Corner Records****

We now have a new document numbering system for all of our Corner Records. You will now need to type the letter C before the document number (ex. C1200, C1) when searching our NDRIN records by document #.
