The Griggs County Recorder's Office is located on the second floor of the current Griggs County Courthouse. We are in the process of building a new Courthouse which is scheduled to be finished sometime in the spring of 2014. Griggs County is a full member of NDRIN and began imaging its real estate records in November of 2003, beginning with Document Number 096244. We are also working on entering and imaging older real estate records. Currently we have data back to January 1, 1993 and sporadic images back to that date also.

Corner Records – All Corner Records are now on NDRIN and can be searched by legal description

City Subdivision Searching – when searching for a city subdivision type it in as follows:

City – subdivision name

Example: Cooperstown – Original

If you have any problems accessing records please give our office a call and we will be happy to assist you.
