The Recorder's office is located on the 2nd floor of the LaMoure County Courthouse.

LaMoure County has digitized images on the NDRIN website dating back to August 16, 1978 beginning with Doc. No. 130561. There is an approximate 3 year time span where only the Document Number is indexed so if you try to search from the legal description it will not show up.

Images and information prior to January 1, 2013 are in the process of being re-verified after being transferred into a new program. Our goal is to have that project completed within the next year.

LaMoure County does not eRecord at the present time.

Corner Records are also available. If you cannot find what you are searching for please feel free to contact us.
