COMPUTER 10/16/06 – PRESENT

As of November 17th, 2008 we no longer continued to make books, we went strictly computer as of this date.

Mountrail County records are on NDRIN from October 16, 2006 to current. These records can be searched by legal description, grantor, grantee or document type on the NDRIN site.

We are currently preparing documents from 1909 to 2006 for their placement onto NDRIN. As, you may be able to find some older documents that aged before Oct. 16, 2006 but it is still a work in progress. These would only be able to be searched by document number or document type or book and page. You will need our index pages to access these images and can be purchased at our office.

CORNER RECORDS:

We currently have all corner records on NDRIN. These are images only and can be searched i.e. *C0001* ect. You can also search for Corner Records under document type Corner Monuments in the search field.
